

## About Us

J.A. Associates has been a measurement repair specialist for over 26 years. Our factory-trained pros have the best service record in the industry. Our policy of 100% teardown of all repairs enables us to spot potential failures while correcting the obvious reasons for the repair. Our repairs are to factory specifications and we meet specifications for operation and calibration. We are available 24/7/365 and you'll talk to us, not some answering machine.
